premium series trampolines

17x10 foot
rectangle

sku	LMG-SPTRC1710
L x W x H	204" x 120" x 129"
WEIGHT	476.2 lbs.
MSRP	\$XXX.XX

PACKAGING:	L x W x H	WEIGHT
BOX 1	59.75 in x 39.50 in x 26.5 in	531 lbs.

The springs are over 50% larger than traditional springs, and each spring works independently. This contributes to a controlled takeoff and landing from any point on the jumping mat, making this trampoline a perfect option for your aspiring gymnasts or athletes!

NO-GAP ENCLOSURE SYSTEM	DURABILITY	WARRANTY	WEIGHT LIMIT
Every single trampoline is equipped with our patented (Patent #RE45, 182) no-gap enclosure system. It interlocks the jump mat and enclosure net at each spring, eliminating dangerous gaps and giving parents peace of mind	This trampoline features a galvanized steel frame that is weather and rust resistant. All our trampolines feature reinforced T-sockets at each leg and enclosure joint, increasing frame stability.	For this product, the steel frame has a lifetime warranty. The jump mat, enclosure poles, and springs are warrantied for five (5) years after the date of purchase. All other parts are warrantied for one (1) year after the date of purchase.	Skywalker Trampolines thoroughly tests its products according to ASTM safety standards. The maximum recommended user weight for this trampoline is 350 lbs. However, per ASTM standards, our trampolines are tested to four times the maximum recommended user weight.

16 foot
square

sku	SPTCS16
L x W x H	192 x 192" x 129"
WEIGHT	507 LBS
MSRP	\$XXX.XX

PACKAGING:	L x W x H	WEIGHT
BOX 1	49.21 in x 31.5 in x 6.69 in	125.66 lbs.
BOX 2	53.54 in x 17.32 in x 20.47 in	145.5 lbs.
BOX 3	50.79 in x 24.41 in x 10.63 in	132.28 lbs.
BOX 4	46.06 in x 22.83 in x 6.69 in	144.62 lbs.

This square trampoline features the largest square jumping surface of all models, a spring size that’s 50% larger than typical springs, and boasts a large corner to corner measurement.

NO-GAP ENCLOSURE
SYSTEM

Every single trampoline is equipped with our patent-ed (Patent #RE45, 182) no-gap enclosure system. It interlocks the jump mat and enclosure net at each spring, eliminating dangerous gaps and giving parents peace of mind

The highly regarded Skywalker Trampolines brand launches a new series of trampolines that will further elevate backyard play. We're upping our game in more ways than one with a sleek design, a new enclosure pole system, and an increased weight capacity.

NO-GAP ENCLOSURE SYSTEM

Every single trampoline is equipped with our patent-ed (Patent #RE45, 182) no-gap enclosure system. It interlocks the jump mat and enclosure net at each spring, eliminating dangerous gaps and giving parents peace of mind

FLEX RODS

Twelve flex rods, designed to cushion and absorb impact on the enclosure net, take the place of the typical 6 enclosure poles found on other trampolines.

WARRANTY

Skywalker Trampolines stands behind our quality guarantee with the steel frame warrantied for ten (10) years after the date of purchase. The jump mat, enclosure poles, and springs are warrantied for five (5) years after the date of purchase. All other parts are warrantied for one (1) year after the date of purchase.

WEIGHT LIMIT

This trampoline boasts our highest maximum recommended user weight of 400 pounds. Per ASTM standards, our trampolines are tested to four times the maximum recommended user weight.

14 foot
round

sku	EPIC14D07

signature series
15' round trampoline

sku	SWST12D09
L x W x H	180" x 180" x 107.3"
WEIGHT	132.3 LBS
MSRP	\$649.99

PACKAGING:	L x W x H	WEIGHT
BOX 1	50.5 in x 18 in x 10 in.	82 lbs
BOX 2	50.5 in x 18 in x 11 in.	104 lbs

Storage bag for soft goods and cinch bag for springs

Our signature series not only features an extended warranty but also incorporates numerous meticulous details that set it apart.

DURABLE
XPE FOAM

Experience the next level of safety with our XPE Technology safety enclosure foam. This tear-resistant foam is three times more durable than industry standards, offering long-lasting protection that stands up to frequent use and harsh weather conditions.

BLACK POWDER
COAT FINISH

The Signature Series features a sleek, rust-resistant black powder-coated frame that not only adds a touch of elegance to your backyard but also ensures durability and longevity.

ENHANCED
SPRING PAD

Signature Series trampolines are equipped with a thicker spring pad that features extra cushioning for enhanced safety. The upgraded padding makes entering and exiting the trampoline more enjoyable, while the clip attachments underneath the pad ensure increased longevity and hassle-free assembly and disassembly.

CONVENIENT
STORAGE SOLUTION

All Signature Series trampolines come with a large storage bag designed for storing all soft goods during the winter months, ensuring the longevity of your trampoline's soft materials. The bag also features convenient suitcase-style wheels for easy transportation and internal straps to securely hold everything in place.
